

Westlake Academy: Camp Forge

Summer Camp (C)

## Week 2 - AM session - G5-G12 - Wood Shop (beginner)

Always a favorite camp each year, campers will dive-in for 3 hours each day learning to use power tools to make various items. If the student is new to wood shop they will be making a shelf and boxes. The advanced campers will make benches or desks, depending on their skill levels (past participants over the last 3 years). All campers will learn the basics of sanders and the various types, as well as sanding techniques, how to use pocket screws to hide the screws in the joints, and learn to safely use band saws and jigsaws.
