

Westlake Academy: Camp Forge

STEM (C)

Week 1 - PM session - G3-G8 - Robominds

Our After-School Robotics Program is a university-led STEM experience designed to inspire the next generation of innovators through hands-on engineering, creativity, and problem-solving. Directed by a university professor specializing in robotics and mechanical design, the program brings real-world engineering concepts into an engaging learning environment tailored for K-12 students. Participants explore robotics through project-based learning that integrates 3D design and modeling, 3D printing, electronics, and coding, allowing them to transform ideas into fully functional robotic systems.

Camp Start Date: June 1, 2026

Start Time: 12:30:00 PM

Camp End Date: June 5, 2026

End Time: 3:30:00 PM

Date Details: Week 1: daily from 12:30PM-3:30PM

Venue Name: Westlake Gym

Venue Address: 2600 J T Ottinger Rd, Westlake, TX 76262

Camp Cost: \$255.00

Questions: camp@westlakeacademy.org

Special Notes:

AM and PM sessions require separate registrations. We invite you to build the week(s) that work best for your campers. Students who enroll in both AM and PM sessions will receive supervised lunch and transition time free of charge.

Medical Info:

I, the undersigned parent or legal guardian, give permission for my child to participate in Westlake Academy athletic activities/camps and certify that my child is physically able to participate. In the event of illness or injury, I authorize Westlake Academy staff or coaches to seek emergency medical treatment if I cannot be reached. I understand that I am responsible for any medical expenses incurred. I also grant permission for Westlake Academy to photograph or video my child during activities and use these images for school publications, social media, and promotional materials.
